Mapil Midco 1 Limited (in administration) and Wiggle Limited (in administration The Administrators' Proposals

## 1. Introduction and circumstances giving rise to the appointment of the Administrators

On 24 October 2023, Wiggle Limited and Mapil Midco 1 Limited entered administration and Alastair Rex Massey and Anthony John Wright were appointed as Joint Administrators.

The appointment was made by the Company directors.

Subsequent to our appointment, information came to light confirming that Wiggle was historically FCA registered. The Joint Administrators immediately sought and received consent to their appointment from the FCA. Our appointment was then ratified by a retrospective Order from the Court on 30 October 2023 following an application made by our solicitors, Osborne Clarke LLP ("OC"). Mapil was not FCA registered.

This document, together with its appendices, forms the Administrators' statement of proposals to creditors in accordance with Paragraph 49 of Schedule B1 to the Insolvency Act 1986 and the Insolvency Rules. The proposals are deemed delivered the date they are uploaded to the FRP Creditor portal.

Certain statutory information about Wiggle, Mapil and the administrations are provided at  ${\bf Appendix}~{\bf A}.$ 

## **Background information regarding the Company**

Based in the UK, and incorporated in 1991, Wiggle has developed into a global leader in the on-line retail of bikes and sports equipment.

Mapil was incorporated in 2011 as an intermediate holding company when Bridgepoint Capital acquired Wiggle from Isis Equity Partners. Mapil is a non-trading entity.

The Group, which was latterly formed through the merger of Wiggle and Chain Reaction Cycles Limited ("CRC") in 2016, is one of the world's leading online sports retailers predominantly focused on selling equipment, apparel and accessories in cycling but also in other outdoor activities.

The Group was acquired in June 2021 by SSU, a German headquartered specialist sports e-commerce company, following a merger between SSU and a special purpose acquisition vehicle listed on the New York Stock Exchange.

Wiggle is headquartered in Portsmouth and operates a warehouse and distribution centre in Wolverhampton, both under lease agreements. At the date of appointment, Wiggle had 447 employees based across the two sites.

Both entities are registered in England and Wales and given the relationship between the entities, it is considered more efficient to report these together.

The wider Group includes CRC, Chain Reaction Cycles Retail Limited ("CRCR"), based in Northern Ireland and Hotlines Europe Limited ("HE"), based in Scotland, although registered in Northern Ireland. There is also one company based in Taiwan and one in Australia, for which Mapil is the shareholder.

HE was confirmed as not being FCA registered and it entered administration on 27 October 2023. CRC and CRCR were FCA registered and entered administration on 30 October 2023 upon receipt of the FCA consents. These appointment were filed in the High Court, Belfast, with the assistance of A&L Goodbody LLP. The appointees are Anthony John Wright and Paul David Allen. These appointments will be reported upon separately to accommodate the different jurisdictions and statutory filing requirements.

#### **Events leading to the appointment of the Administrators**

The business enjoyed strong sales during FY21 as a result of consumers' increasing demand for cycling and other outdoor pursuits during the enforced lockdowns of the global pandemic.

However, despite a leading market position, the Company, and the wider cycling industry started to face a softening of demand in FY22 leading to reduced sales and profitability.

## 1. Introduction and circumstances giving rise to the appointment of the Administrators

The financial performance of the Group deteriorated further in FY23, and the company recorded a loss of £74.9m on sales of £204.2m. This was due to several macro and micro factors that created challenging underlying market conditions. These included:

- The end of lockdown which led to falling demand for bikes, core parts, accessories and clothing:
- Continuation of the global over stocking across all retailers and lower consumer confidence resulted in increased discounting through promotional and price-matching activities;
- Carriage costs remaining high with core air freight rates still approximately 50% above pre-Covid levels, which impacted international volumes;
- A SSU corporate requirement to focus on volumes rather than margin;

The holding company Signa Holdings has experienced some well reported challenges during this year and on 16 October 2023, SSU unexpectedly announced the termination by SIGNA Holding, its parent company, of an unconditional €150 million funding commitment that had been put in place to provide operational financing for SSU and its subsidiaries.

This effectively removed any future funding facility from the Company. Due to the sudden nature of this funding withdrawal the directors took immediate professional advice to better understand their responsibilities and to consider all the options available following the dramatic change of financial circumstances.

The directors decided it would be in the best interests of the creditors of Wiggle and Mapil to place both entities into administration with immediate effect.

#### **Appointment of the Administrators**

Alastair Rex Massey and Anthony John Wright of FRP Advisory Trading Limited were introduced to the board of the Company by Will Gunston of Osborne Clarke on Wednesday, 18 October 2023.

At this stage FRP's primary duty of care was to the Company and our engagement included consideration of the directors' fiduciary duties to act in the overall best interest of the company and its creditors. Until the appointment of Administrators the directors continued to be responsible for the Company and its affairs neither FRP nor its insolvency practitioners advised the directors personally, or any parties interested in purchasing the business and assets of the Company.

Prior to our appointment as Administrators we are required to consider any ethical and conflict issues in relation to the appointment and provided we are satisfied that there are no matters arising that would preclude us consenting to act we must provide a statutory statement and consent to act in which any prior relationship between the proposed Administrators and the Company is summarised, this statement is subsequently filed in Court.

Following our appointment as Administrators our duty of care is to all the Company creditors as officers of the Court and agents of the Company, taking over from the Board the responsibilities of managing the affairs, business and property of the Company.

Alastair Rex Massey and Anthony John Wright were appointed as Joint Administrators of both entities on 24 October 2023.

#### The objective of the administration

The Administrators believe that objective (a) of the administration, as detailed in Paragraph 3(1) of Schedule B1 to the Insolvency Act 1986, being to rescue the Company as a going concern, will not be achieved due to ongoing losses and the withdrawal of parent funding. As such, it is envisaged that objective (b) will be achieved, a better result for the Company's creditors as a whole than would be likely if the Company had been wound-up (without first being in administration).

In respect of Mapil, it is envisaged that objective (b) will also be achieved, a better result for the Company's creditors as a whole than would be likely if the Company had been wound-up (without first being in administration).

#### The Administrators' actions to date

Details of work already undertaken since appointment or anticipated will be undertaken is set out in the schedule of work attached at **Appendix C.** A brief summary of the key events is set out below.

Upon appointment, the Administrators undertook an immediate assessment of the Company's financial position. Following consultation with the senior management team, it was considered that the best course of action was to continue to trade the business while a buyer was sought. By selling the business as a going concern, asset realisations would be maximised for the creditor Group as a whole while minimising additional preferential claims from the employees across the Group.

It was also believed that with minimal disruption to online sales, the value of the business would be preserved as far as possible and minimise asset impairment.

Immediate contact was made with the merchant providers and HSBC to advise of the administration and strategy going forward such that the pre administration facilities could continue to accept cash and card transactions.

The merchant providers have forwarded daily sales receipts to the Administrators bank account throughout the process and are continuing to support the business.

Landlords and trade suppliers were contacted as soon as possible after the appointment and have been updated throughout the process.

To address any queries regarding the Administration processes, the Administrators set up a dedicated mailbox (Wiggleenquiries@frpadvisory.com) and this has been regularly monitored throughout the process.

The Administrators maintain a staff presence at the headquarters in Portsmouth and in Wolverhampton to address day to day queries as and when they arise and to support the Company employees in facilitating the ongoing trade on an uninterrupted basis.

Trading has been very positive during the administration process with a considerable trading profit achieved. The administrators have taken the opportunity to augment stock held within the business with opportunistic purchases to generate additional website traffic and profits.

To date, the Administrators have received completed retention of title questionnaires from 89 suppliers. Of the 89 submissions received, 85 have now been fully resolved and those remaining continue to be worked through.

The review of the business has continued post appointment in conjunction with the senior leadership team and in order to maintain operations it was unfortunately necessary to implement two rounds of redundancies that have affected a total of 77 employees. Mapil does not have any employees.

#### Sale of the Business

Immediately upon appointment the Administrators implemented a strategy for the disposal of the Company's business and assets through a focussed marketing exercise undertaken by our Corporate Finance team.

Details of the opportunity was circulated to 58 parties from our contact database and from inbound enquiries received following press coverage of our appointment.

As part of this process, the Administrators instructed Hilco to carry out an immediate valuation of the assets of the Company. While this report has been received, it is not appropriate for us to disclose the valuation details at this stage as the sale process is ongoing. Creditors will be updated in this respect at a later date.

A data room was set up by the Administrators whereby interested parties could access information regarding the Company following signing a non-disclosure agreement ("NDA").

During the process, 24 NDA's were signed, with 7 of those parties meeting with the management team on at least one occasion.

Interested parties were invited to submit funded offers no later than Monday 4 December 2023.

Given the sale process is ongoing, it is not appropriate to provide further details at this stage and all creditors will be updated in our first progress report.

Whilst the Administrators are optimistic that a transaction will be completed the timescales depend upon ongoing due diligence and negotiations.

#### Administrators' future work

Following approval of the Administrators proposals the Administrators will continue to conduct the Administration to achieve the purpose of the administration. Key matters to be undertaken include:

Wiggle Limited (In Administration) and Mapil Midco 1 Limited (in Administration) The Administrators' Proposals 4

- · Continue to trade the business, as applicable.
- Realise the Company's remaining assets and progress a sale of the business to a conclusion, as applicable.
- Investigate and, if appropriate, pursue any claims that the Company may have against any person, firms or company whether in contract or otherwise, including any officer or former officer of the Company or any person, firm or company that supplies or has supplied goods or services to the Company.
- Distribute realisations to the preferential creditors where applicable.
- Submit and progress a claim to the Redundancy Payments Service in respect
  of any outstanding pension contributions for the Group's employees.
- · Seek an extension of the administration if needed.
- Agree the claims of the unsecured creditors.
- · Ensure all statutory and compliance matters are attended to, and
- Pay all administration expenses and bring the administration to an end when deemed appropriate by the Administrators.

#### **Receipts and Payments Account**

A copy of the Administrators' receipts and payment account to date is attached as  ${\bf Appendix}~{\bf B}.$  This captures the day to day trading activity of the Company since the Administrators appointment.

No transactions have been processed to date in the administration of Mapil.

#### The directors' Statement of Affairs

The directors of the Company have been asked to submit a Statement of Affairs under paragraph 47 of Schedule B1 of the Insolvency Act 1986 for each entity.

Copies of the Statement of Affairs are provided at **Appendix E**. These documents will also be filed as a standalone document at Companies House in due course.

# FRP

#### **Matters requiring investigation**

I am required as part of my duties to establish what assets the Company owns and to consider the way in which the Company's business has been conducted, and am required under the provisions of the Company Directors Disqualification Act 1986 to report to the Secretary of State for Business and Trade on the conduct of the directors.

If you have any information or concerns regarding the way in which the Company's business has been conducted, or have information regarding potential recoveries for the estate please contact me as soon as possible.

#### The end of the administration

The administrations will end automatically after 12 months from the date of appointment of the Administrators. This period can be extended with consent of the creditors for up to 12 months or longer by application to the Court as required.

If the Administrators think either Company has no property which might permit a distribution to its unsecured creditors, or if they also consider that an exit from the administration into liquidation is not appropriate they will send a notice to the Registrar of Companies in accordance with Paragraph 84 of Schedule B1 to the Insolvency Act 1986 to bring the administration to an end and three months after the filing of the notice the Company will be deemed to be dissolved.

If the Administrators are of the view that a dividend will become available to the unsecured creditors, it is appropriate for either company to move from administration into CVL pursuant to Paragraph 83 of Schedule B1 to the Insolvency Act 1986. If applicable the Administrators will take steps to place the Company into CVL. Should a dividend not become available to the unsecured creditors but it is still appropriate for either company to enter liquidation, the Administrators will petition the Court pursuant to Paragraph 79 of Schedule B1 to the Insolvency Act 1986 for an order to bring the administration to an end with a consequential order for the compulsory winding up of the relevant company.

Wiggle Limited (In Administration) and Mapil Midco 1 Limited (in Administration) The Administrators' Proposals  $\ \ \, 5$ 

Pursuant to Paragraph 83 of Schedule B1 to the Insolvency Act 1986, should the creditors not nominate a Liquidator, the proposed Liquidators in a CVL are to be the Administrators or any successor office holder(s). Any act to be done by the Liquidators may be done by all or any one of them. Pursuant to Paragraph 83(7)(a) of Schedule B1 to the Insolvency Act 1986 and the Insolvency Rules, creditors may nominate a different person as the proposed liquidator, provided that the nomination is made after the receipt of these proposals and before these proposals are approved.

The Liquidators in a compulsory winding up will be appointed by the Court and may be the Administrators, or any successor office holder(s).

If the Administrators are of the view that it is appropriate for the creditors to consider the approval of a CVA the proposed supervisors are to be the Administrators or any successor office holder(s). Creditors may nominate different supervisors when considering whether to approve the CVA proposals.

# Decision of creditors by correspondence

The Administrators are required to seek a decision from the Companies' creditors under Paragraph 51 of Schedule B1 to the Insolvency Act 1986 on the following matters:

- Approval of the Administrators' proposals, with or without modifications; and
- The appointment of a creditors' committee.

The decision is being sought by means of voting by correspondence, in accordance with the Insolvency Rules.

If, as a result of the vote, a creditors' committee is appointed, the following will require the determination of the creditors' committee:

- The basis of the Administrators' remuneration;
- Approval of the payment of the Administrators' disbursements for mileage costs;

**FRP** 

 Approval of the Administrators' pre-appointment costs being met as an expense of the administration

If a creditors' committee is not appointed (which requires 50% of the creditors voting by value to vote in favour of it together with the nomination of at least 3 members entitled to sit on the committee) the above will be determined by the creditors.

To vote by correspondence creditors must have lodged a completed Proof of Debt form, which is considered by the Administrators and accepted for voting purposes, either in whole or in part, and return with the completed voting form by the decision date shown on that form. Creditors whose claims are secured are not entitled to vote. A decision is made if, at the decision date, a majority in value of those who have responded have voted in favour. However, a decision is not made if those voting against it include more than half in value of creditors to whom notice of the vote by correspondence was sent and who are not connected with the Company. Notice of the decision will be sent to creditors after the decision date.

The Administrators must, however, summon a physical meeting if requested to do so by the required minimum number of creditors. The required minimum number is any one of the following:

- 10% in value of the creditors
- 10% in number of the creditors
- 10 creditors

The request must be made in writing within 5 business days of the date on which the notice of decision by correspondence is delivered, in accordance with the Insolvency Rules.

## 3. The Administrators' remuneration, expenses and pre-appointment costs

#### Administrators' remuneration

A schedule of the work to be undertaken during the administration is set out at **Appendix C** together with an estimated outcome statement which includes an estimate of the expenses likely to be incurred by the Administrators. Assumptions made in preparing the summary of work, estimated expenses and the fees estimate where a time cost resolution is proposed are set out in the schedule of work.

The Administrators' remuneration will be drawn from the Company's assets and it is proposed that it will be charged by reference to the time incurred in attending to matters arising. Further details of how this will be calculated is set out below. The basis of the Administrators' remuneration has not yet been approved by creditors, and the Administrators have accordingly not drawn any remuneration in this case.

Should either company subsequently be placed into liquidation and the Administrators appointed as Liquidators, the basis agreed for the drawing of the Administrators' remuneration will also be that utilised in determining the basis of the Liquidators' remuneration, in accordance with the Insolvency Rules. The Liquidators' will seek further creditor approval for the quantum of fees to be drawn in the liquidation where

Whichever fee basis is approved by creditors and utilised to calculate the level of remuneration that can be drawn by the Administrator will include all direct costs of providing professional services by the Administrator and his/her staff in dealing with Wiggle Limited (In Administration), but will exclude any expenses that may be paid to an associate or which have an element of shared costs (known as category 2 expenses), which require separate approval from creditors before they can be paid.

Where payments are to be made to associates of the office holder or their firm, creditors' approval to such payments must be received prior to payment being remitted. I can confirm no payments are being made to associates of the office holder or their firm.

Wiggle Limited (In Administration) and Mapil Midco 1 Limited (in Administration)
The Administrators' Proposals

Where there is an element of costs being shared between this insolvency estate and other parties, and determination of how those costs are to be allocated is being decided by the office holder, creditors' approval to such payments must be received prior to payment being remitted. I can confirm no shared costs are currently envisaged.

# Remuneration charged by reference to the time incurred in attending to matters arising

The Administrators' remuneration which is proposed to be charged by reference to time incurred is set out on the fee estimates attached at **Appendix C**. Time costs incurred to date total £1,146kThe time charged is based on computerised records capturing time charged by myself and my staff in dealing with the conduct of those aspects of the case being charged on a time cost basis.

Matters dealt with during the assignment are dealt with by different members of staff depending on the level of complexity and the experience required. Time is charged to the case in maximum units of six minutes. Charge-out rates are based on individual expertise, qualification and grade. The costs of the firm's support staff are not directly charged to the estate unless dealing with directly identifiable case specific matters.

The Joint Administrators believe that the basis of their remuneration, and in particular the application of premium rates, is fair, reasonable and commensurate with the nature and extent of the work to be undertaken in this case, having regard to the principles set out in the Practice Statement on the Fixing and Approval of the Remuneration of Appointees (2004) and Statement of Insolvency Practice 9: Remuneration of Office Holders (2021), for the following reasons:

The Joint Administrators believe that the proposed basis of remuneration is
proportionate in the circumstances and the hourly rates and the hours worked
are justified by reference to the complexity of the administration, as outlined
in these proposals, and the value of the assets dealt with by the Joint
Administrators. This work has been intensive and in many respects

## 3. The Administrators' remuneration, expenses and pre-appointment costs

unpredictable, meaning that it has not been possible to estimate a realistic fixed fee for the work

- The Joint Administrators have accepted a responsible risk based approach
  associated with continued trading of the business during the administration
  period. We have used our expertise to restructure the business during the
  administration period, such that we have been able to trade profitably despite
  the recorded loss, per management information in FY23, of £74.9m prior to
  our appointment.
- We have retained the majority of staff during an unprecedented time with the
  current post pandemic cost of living crisis and our approach has resulted in
  an enhanced realisations of the Companies business and assets with the
  opportunity to secure the future of the remaining 450 staff through a sales
  process in the near future.

Charge out rates are reviewed at least annually, details of FRP's charge out rates are included at **Appendix C**.

#### Administrators' disbursements

The Administrators' disbursements are a recharge of actual costs incurred by the Administrators on behalf of the Company.

Mileage payments made for expenses relating to the use of private vehicles for business travel, which is directly attributable to the administration of the Company, are paid by FRP at the HMRC approved mileage rate. It is proposed mileage is recharged and drawn at the HMRC approved mileage rate prevailing at the time the mileage was incurred.

#### Pre-administration costs charged or incurred by the Administrators

A letter of engagement was entered into by the directors on 18 October 20023 and the Company resolved to pay FRP an interim sum of £50,000 plus VAT for providing the Board / directors with general advice on the Company's / Group's financial position and options available to them. This was paid before administration by the Company.

Attached at  $\mbox{\bf Appendix}\ \mbox{\bf D}$  is a statement of pre-administration costs charged or incurred by the Administrators.

I am seeking to obtain approval from creditors for the payment of this amount and a stand-alone separate resolution is included on the proxy form attached.

There are no pre-appointment fees directly applicable to Mapil although the advice provided extended across the Group.

# Creditors' ability to challenge the Administrators' remuneration and expenses

Creditors have a right to request further information from the Administrators and further have a right to challenge the Administrators' remuneration and other expenses under the Insolvency Rules following receipt of a progress report. Further details of these rights can be found in the Creditors' Guide to Fees which you can access by using the following link: <a href="https://www.frpadvisory.com/legal-and-regulatory-notices/information-creditors-insolvency-proceedings/">https://www.frpadvisory.com/legal-and-regulatory-notices/information-creditors-insolvency-proceedings/</a> and select the one for administrations. Alternatively, a hard copy of the relevant guide will be sent to you on request.

#### 4. Estimated outcome for the creditors

#### **Estimated Outcome Statement**

We attach at **Appendix C** an estimated outcome statement which has been prepared from the information provided by the directors, included in their statement of affairs, advice received in connection with the value of the Company's assets, estimated sums due to creditors and an estimate of our remuneration and other expenses that may be incurred during the course of this administration. The assumptions made in preparing the estimated outcome statement details are set out in the schedule of work.

Based on the information available to date and the assumptions made I set out below the anticipated the outcome for creditors.

## **Outcome for Secured Creditors**

The Administrators' Proposals

There are no charges registered against either Wiggle or Mapil.

#### **Outcome for Preferential Creditors**

It is currently estimated that preferential creditors may total around £423k, being the employees' preferential element for arrears of pay, unpaid pension contributions and holiday pay as calculated in accordance with legislation, subject to the final outcome of the administration processes.

A claim for unpaid pension contributions has also been processed by the Administrators' staff in conjunction with the pension provider and the Redundancy Payments Service and this sum will also be treated as a preferential claim

It is anticipated that preferential creditors may be paid in full subject to the sale outcome / asset realisations.

There are no known preferential creditors in Mapil according to the records made available to the Administrators.

Wiggle Limited (In Administration) and Mapil Midco 1 Limited (in Administration)

#### **Outcome for Secondary Preferential Creditors**

From 1 December 2020, HMRC ranks as a secondary preferential creditor in respect of the following:

- VAT
- PAYE (including student loan repayments);
- · Construction Industry Scheme deductions; and
- Employees' NI contributions

It is currently estimated that the secondary preferential creditors may total around  $\pounds 2.78m$ . It is anticipated that secondary preferential creditors may be paid in full subject to the sale outcome / asset realisations and settlement of professional fees.

#### **Outcome for Unsecured Creditors**

Based on the assumptions made in the estimated outcome statement it is currently estimated that there may be sufficient funds available to make a distribution to unsecured creditors in due course, subject to the final outcome of the sales process.

All creditors will be updated on developments and revisions to outcomes in the Administrators' progress report which will be issued shortly after the 6 month anniversary of the appointment.

#### **Prescribed Part**

The prescribed part is a carve out of funds available to the holder of a floating charge which is set aside for the unsecured creditors in accordance with section 176A of the Insolvency Act 1986. The prescribed part only applies where the floating charge was created after 15 September 2003 and the net property available to the floating charge holder exceeds £10.000.

A prescribed part is not appropriate because there are no holders of floating charges in this case.

The Administrators' remuneration, expenses and costs information

The table below sets out a detailed summary of the work undertaken by the office holder to date and details of the work it is anticipated will be undertaken by the office holder throughout the duration of this assignment. Details of assumptions made in compiling the table are set out below. The fee basis for the different categories or work are set our in this table together with an estimate of the estimated fee for each category of work where this can be estimated.

Where the fee basis proposed is time costs further details of the estimated costs to be incurred are set out in the fee estimate accompanying this schedule.

Where work undertaken results in the realisation of funds (from the sale of assets; enhanced recoveries and potentially a reduction in creditor claims if the business shas continued to trade; recoveries from successful actions taken against third parties), there may be a financial benefit to creditors should there be sufficient funds available to make a distribution to one or more class of creditor. In this case, work undertaken will include the scrutiny and agreement of creditor claims.

A proportion of work undertaken by an Insolvency Practitioner is required by statute, including ensuring the appointment is valid, notifications of the appointment to third parties, regular reporting on the progress, notifying statutory bodies where required in relation to the conduct of the directors, complying with relevant legislation and regulatory matters. This may not have a direct financial benefit to creditors but is there to protect creditors and other stakeholders and ensuring they are kept informed of developments.

To review and progress all retention of title claims received from suppliers of Wiggle.

To review the Company's electronic and paper records, where provided, to ascertain the basis and validity of any claim arising.

To establish an immediate dialogue with the sureties and to maintain weekly group updates and individual ad hoc updates to ensure all remain informed on the progress of the administration and that any queries are dealt with expeditiously.

### **Employees**

Dealing with employee redundancies during the period as required, based upon economic and operational needs. Issuing redundancy letters and P45's accordingly and assisting with initial queries in progressing claims via the Redundancy Payments Service.

#### Assets on finance

To issue on appointment letters to all third party lease / finance or HP companies identified from the Company records and to liaise with Hilco on identifying associated assets.

#### Unsecured creditors

To date the IP is aware of more than 480 potential creditors according to the information currently available.

If sufficient funds are available to pay a dividend to the unsecured creditors the office holder will write to all known creditors to notify of the possibility of a dividend and request submission of claims.

As required the office holder will advertise for claims and adjudicate on them if there are sufficient funds to make a dividend, either agreeing or rejecting, in full or in part. There is a statutory time limit to enable creditors whose claims have been rejected to appeal, once this time limit has passed the office holder will make a distribution to creditors.

### **Employees**

Liaising with the Redundancy Payments Office.

#### Assets on finance

For Hilco to establish the position with regards assets on finance and arranging for assets to be returned to finance company if no longer required for the purposes of the administrations.

The Administrators' remuneration, expenses and costs information

#### Time cost and disbursement information:

	£/hour
Appointment taker/Restructuring Advisory Partner/Director	844-971
Managers/Directors	631-763
Other Professional	394-550
Junior Professional/Support	250-344

Time costs are maintained on computerised records of all time spent on the administration of each case. Matters dealt with during the assignment are dealt with by different members of staff depending on the level of complexity and experience required. Time is charged to the case in maximum of six minute units. Charge-out rates are based on individual expertise, qualification and grade. The costs of the firm's support staff are not directly charged to the estate unless dealing with directly identifiable case specific matters. Charge out rates are reviewed at least annually, details of FRP charge out rates applicable to this assignment are set out above.

Further information can be found in the Creditors' Guide to Fees which you can access using the following link <a href="https://www.frpadvisory.com/legal-and-regulatory-notices/information-creditors-insolvency-proceedings/">https://www.frpadvisory.com/legal-and-regulatory-notices/information-creditors-insolvency-proceedings/</a>. Alternatively, a hard copy of the relevant guide will be sent to you on request.

On occasions it may be necessary to change the rates applicable to the work undertaken and if this occurs during the period of the assignment this will be notified to creditors as part of the normal reporting procedures.

### **EXPENSES POLICY**

Expenses are any payment from the insolvent estate which are neither an office holder's remuneration not a distribution to a creditor or a member. Expenses also include disbursements.

Disbursements are payments which are first met by the office holder, and then reimbursed to the office holder from the estate.

Wiggle Limited (In Administration) and Mapil Midco 1 Limited (in Administration) The Administrators' Proposals 34

Appendix C
The Administrators' remuneration, expenses and costs information

Expenses are any payments from the estate which are neither an office holder's remuneration nor a distribution to a creditor or a member. Expenses also include disbursements.

Expenses are divided into those that do not need approval before they are charged to the estate (category 1) and those that do (category 2).

Details of sums paid as either expenses or disbursements will be identified in the progress reports prepared during the course of an assignment and circulated to all creditors.

#### Category 1 expenses:

These are payments to independent third parties who are not an associate of the office holder and where there is specific expenditure directly referable to the appointment.

Category 1 expenses may include but are not limited to items such as case advertising, storage, bonding, company searches and insurance.

Category 1 expenses can be paid without prior approval.

#### Category 2 expenses:

These are payment to associates or which have an element of shared costs.

With the exception of mileage FRP do not charge category 2 disbursements. Mileage payments relate to the use of private vehicles for business travel, and are directly attributable to the estate. They are paid by FRP at the HMRC approved mileage rate prevailing at the time the mileage was incurred, at the time of this report this is 45p per mile.

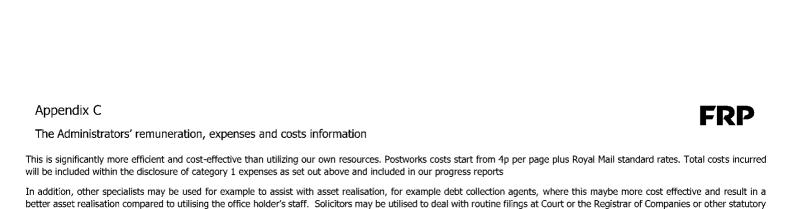

Before being paid, category 2 expenses require approval in the same manner as an office holder's remuneration whether paid directly from the estate or as a disbursement.

### SUBCONTRACTED WORK

In accordance with SIP9 your attention is drawn to work that may be subcontracted during the course of administering the insolvency process. Subcontracted work is defined as work that could otherwise be carried out by the office holder or their staff. The office holder would typically subcontract work where it was considered more efficient, beneficial to the estate and/or cost effective to do so.

The officeholder may use the services of Postworks for the purpose of mailing out correspondence, this is particularly cost effective where large mail outs are required to stakeholders. Postworks possesses the requisite resources and equipment to convert electronic correspondence to hard copy correspondence, where it is required to be sent in paper form. Postworks add our firm's branding, collates the correspondence, and subsequently posts it to the intended recipients in a timely and reliable fashion. The costs associated with this service are based upon the quantity of letters and reports required to be posted, and number of pages involved.

Wiggle Limited (In Administration) and Mapil Midco 1 Limited (in Administration) The Administrators' Proposals 35

bodies. In deciding whether to subcontract this work the office holder will assess whether the estate is receiving value for money when compared to that same work being undertaken by the office holder or their staff. Typically the estate will benefit where the office holder has decided to subcontract work to third parties in terms of costs of efficiency,

the availability of resources as well as a potential increase in accuracy due to the use of standardised specialist procedures.

- General advice to the board with respect to the Company's financial position, which included a review of the Company's / Group's short term cashflow forecasts and commentary on the future viability of the Company / Group which included a test of assumptions and an assessment of the forecast funding requirement;

  A review of the solvency of the Company / Group and options available to the directors, including but not limited to the appointment of Administrators to one or more of
- the Group entities:
- Exploring opportunities with our Corporate Finance team and how a sale or refinance of the Company / Group may be achieved / structured.
- Provide advice to the Board / directors on any other matters that should be brought to their attention;
- Liaising with the solicitors engaged by the Company / Group, Osborne Clarke;
- Attending the Portsmouth headquarters and the warehouse and distribution centre in Wolverhampton.

Osborne Clarke provided assistance to the Company and the proposed Administrators on a number of matters including, but not limited to:

- Providing specific legal advice to the Board / directors regards responsibilities at a corporate and personal level;
- Checking the status of each Group company and giving consideration to any specific issues remedies required;
- Attending Board meetings and minuting the same;
- Preparing documentation and searches in advance of the appointment and filing the same.
